

Douglas A. Charney, M.D.

76 Sixth Avenue

Nyack, NY 10960

Cell Phone: (212) 249-7841

Work Phone: (845) 348-2270

New York State License # 198798

New Jersey Licence # 25MA07294200

e-mail: douglascharney62@gmail.com

Employment Following Training:

- September 2009 – present: Pathologist, Laboratory Medicine Associates, L.L.P, Nyack Hospital, Nyack, NY (Assistant Director as of 7/11/2012)
- July 2007- August 2009: Renal/Renal Transplant and general surgical Pathologist, North Shore-Long Island Jewish Health System, Manhasset, NY
- August 2006-June 2007: Pathologist, CBL Path, 760 Westchester Ave, Rye Brook, NY
- August 2002-August 2006: Attending Pathologist/renal pathologist, St. Luke's-Roosevelt Hospital Center, New York, NY
- September 2001-August 2002: Assistant Professor/renal pathologist, UMDNJ-Robert Wood Johnson Medical School, New Brunswick, NJ
- July 1999-August 2001: Attending Pathologist/renal pathologist, St. Luke's-Roosevelt Hospital Center, New York, NY

Postgraduate Medical Training:

- July 1998-June 1999: Fellow in Renal Pathology, The Johns Hopkins School of Medicine, Baltimore, MD
- July 1997-June 1998: Fellow in Immunopathology, The Johns Hopkins School of Medicine, Baltimore, MD
- July 1993-June 1997: Resident in Anatomic and Clinical Pathology, Beth Israel Medical Center, NY, NY
 - Chief Resident in Clinical Pathology, July 1996-January 1997
 - Chief Resident in Anatomic Pathology, January 1995-July 1995
- July 1992-June 1993: Resident in Anatomic Pathology, Metropolitan Hospital Center, New York, NY
- July 1991-Nov. 1991: Intern in Internal Medicine, Albany Medical Center, Albany, NY

Education:

- July 1989-June 1991: MD, New York Medical College, Valhalla, NY
- September 1984-June 1989: BS, City University of New York Medical Program

Certifications:

- Board Certified in Anatomic and Clinical Pathology.

Professional Activities:

Member of Renal Pathology Society.

Member of United States and Canadian Academy of Pathology.

Member of College of American Pathologists.

Academic/ Reserach Activities:

-Collaboration with Chief of Nephrology in mouse model of HIV nephropathy, North Shore University/Long Island Jewish Hospital System.

-Collaboration with Director of Medicinal Biochemistry in rat model of preeclampsia, North Shore University/Long Island Jewish Hospital System.

Teaching Experience:

-Renal pathology lecture series to pathology residents, North Shore University/Long Island Jewish Hospital System.

-Renal pathology lecture series to nephrologists and nephrology fellows, North Shore University/Long Island Jewish Hospital System.

-Presentation of renal pathology cases at weekly Renal Grand Rounds, North Shore University/Long Island Jewish Hospital System.

-Presentation of renal pathology cases at weekly nephrology Grand Rounds, St. Luke's-Roosevelt Hospital Center.

-Renal pathology lecture series to pathology residents at St. Luke's-Roosevelt Hospital Center.

-Renal pathology lecture series to nephrology fellows at St. Luke's-Roosevelt Hospital Center.

-Monthly renal pathology slide review with nephrology fellows at St. Luke's-Roosevelt Hospital Center.

-Participation in weekly autopsy organ review conference at St. Luke's-Roosevelt Hospital Center.

-Renal pathology lectures to pathology residents, University of Medicine and Dentistry of New Jersey – Robert Wood Johnson Medical School.

Continued on page 4

- Renal pathology lecture to student pathologist assistants, University of Medicine and Dentistry of New Jersey – Robert Wood Johnson Medical School.
- Teaching of medical student case-based small group sessions, University of Medicine and Dentistry of New Jersey – Robert Wood Johnson Medical School.
- Teaching of medical student pathology slide laboratory sessions, Johns Hopkins, Medical School

Abstracts Presented at National Meetings:

Extra efferent vessels in the diffuse lesion of idiopathic nodular glomerulosclerosis, International Academy of Pathology, October 2008 meeting.

Ang II exerts protective effect during initiation and injurious effect during progression of HIV-associated Nephropathy, American Society of Nephrology, 2008 meeting.

Mesangial versus Monocyte interposition in Membranoproliferative-patterned Glomerulonephritides, United States and Canadian Academy of Pathology, March 2006 meeting.

Pauci-immune Proliferative Lupus Nephritis, United States and Canadian Academy of Pathology, March 1999 meeting.

Clinical Relevance of Antibodies Detected by ELISA, American Society of Histocompatibility and Immunogenetics, October 1998 meeting.

Plasma Cell-rich Acute Renal Allograft Rejection, American Society of Nephrology, October 1998 meeting.

BCL-6 Protein in Large B-Cell Lymphomas, United States and Canadian Academy of Pathology, 1997 meeting.

BCL-6+/CD3+ Interfollicular T-cells, United States and Canadian Academy of Pathology, 1997 meeting.
